

ARMORWELD®

PRODUCT PART NUMBER:

16SALF

28GF & 25BF

Coated Fiberglass Products

PRODUCT DATA SHEET

FEATURES:

- Excellent low smoke and flame
- Excellent weathering
- High Temperature resistance
- Excellent heat aging properties
- Excellent flame and spark penetration resistance
- Easy to fabricate with
- Reduced fraying

APPLICATIONS:

- High temperature ducting
- High temperature marine, aircraft and industrial insulation facing
- Removable insulation pad coverings
- Fire blankets
- Welding protection "dog houses"

	16SALF	28GF	25BF
Weight (oz./sq. yd.)	16	28	25
Available widths (inches)	38	40/60/72	40/60/72
Color	Salmon	Gold	Black
Coating type	Acrylic	Acrylic/Neo	Acrylic/Neo
Coating temperature limit (Degs. F.)	300	300	300
Fabric temperature limit (Degs. F.)	1100	1100	1100
Nominal thickness (inches)	0.015	0.04	0.035
Roll length (yds.)	50	50	50
